

Magnet Mount

Ideal Car Solution for your smartphone

PNY Magnet Mount allows you to use your smartphone in complete safety while driving. The robust design of PNY Magnet Mount attaches easily to your vehicle's dashboard. 360° rotation enables you to change between portrait and landscape mode – extremely practical when navigating. The magnetic function makes it compatible with a wide range of smartphones. You simply apply an adhesive plaque to the back of your smartphone or between your smartphone and its protective shell.
